

# CELEBRATE THE RETURN OF SALMON!

## A PROGRESS REPORT AND COMMUNITY SOCIAL

Please join us for an informational meeting and community gathering to report on the status of Coho Salmon recovery in the Salmon Creek Watershed. In addition, experts will share information on how landowners can improve salmon habitat.

### TOPICS WILL INCLUDE:

- Presentation of the Coho Salmon Broodstock program and release strategies
- The interesting genetics of Salmon Creek Coho
- Update on numbers and locations of Coho found in Salmon Creek Watershed
- Water conservation/rain catchment systems
- Instream habitat improvement for salmon
- Tools for soil erosion prevention

Presentations will occur from 3-4:30 and will be followed by a community gathering where we will share ideas, questions, excitement and refreshments.

If you feel the urge, bring a sweet or savory finger food to share.

**Event will be held Sunday, February 26<sup>th</sup> from 3-6 pm  
at the Salmon Creek School Environmental Center**

Located at 1935 Bohemian Hwy Occidental, CA 95465
