

# Bodega Land Trust

## 2012 Walks and Talks Series

Kathleen Kraft, an expert on California native grassland conservation, will guide us on a walk at Bodega Pastures through

# California Coastal Prairie

Coastal prairie bald hills habitat looking east at Bodega Pastures, Sonoma County, California. May 2010. Photo by D.L. Immel

**Saturday**  
**June 2**

Please meet us at the  
**Bodega Post Office**  
at 10am.

We'll carpool to  
Pastures from there.

## Grasslands, colorful wildflowers & gorgeous views!

Come see for yourself! The coastal prairie community is a highly variable and diverse mixture of native perennial grasses and forbs, native and non-native annual forbs, and non-native grasses.

For more information about California's coastal prairies, please visit  
<http://www.sonoma.edu/preserves/prairie/index.shtml>
